Alger County Farm To Folks

The Farm To Folks program which is funded by local businesses & individuals who want to support food security & access in their community. Done in partnership with Alger County Communities that Care (a non-profit organization).

Last year AC3 member Elise Bunce, came up with the idea to distribute food to families in need while also helping small community farms in the area. Last year the Farm To Folks program was able to feed families throughout all of Alger County and plan to expand their list of families this summer. Thank you to all of our local farmers and community members for the support!
